

Our Mission

“At the Women Veterans of Kansas Alliance, our mission is to unite and empower **1000+** women veterans across the state of Kansas, fostering a sense of camaraderie, recognition, and support. Our immediate goal is to proudly march together in the Wichita Veterans Day Parade on November 11, 2024.

Recognizing that life happens, and distances can grow, we are committed to reconnecting our sister veterans, dispelling the feeling of isolation that some may experience. We aim to shine a spotlight on their dedicated service to our nation, using the platform of the DD214 to raise awareness within our communities.

Our broader mission extends beyond a single parade. We strive to build and restore the unique sisterhood that bonds us together. Through engaging events such as luncheons, girls’ night out, and various other gatherings, we aim to create lasting connections and memories.

In our pursuit, we offer a supportive network tailored to the needs of our sister veterans, providing resources for assistance and guidance. Our alliance is dedicated to ensuring that no woman veteran feels alone—because together, we are stronger, and our shared experiences form the foundation of an unbreakable bond.

Join us in celebrating the strength, resilience, and unity of Kansas women veterans as we honor our past, embrace our present, and shape our future together.”
