STEP 3:

–Using Mobile–

Register DAO1 Account (Using Rabby) +
Submit KYC Request.

ABOUT THIS GUIDE

In this guide we are going to show you how to register an account with DAO1 using your Rabby wallet, and then submit your KYC Request.

'KYC' stands for 'know your customer' and is a security measure that ensures the person who signed you up is a legitimate person. It prevents identity fraud, duplicate accounts, and ensures DAO1 remains a secure platform for all.

IMPORTANT THINGS TO REMEMBER:

Complete the steps in this guide on your mobile, **ONLY IN THE INTERNAL RABBY BROWSER.** If you are using any other browser you will have connection issues!

Only use the Rabby browser when connecting to DAO1. via searching app.dao1.ai

NEVER EVER share your seed phrase with anyone!

1: Paste the Registration Link into the Internal Rabby Browser

IMPORTANT: Complete these steps using only the Internal Rabby Browser. Other browsers do not work seamlessly with DAO1.

Paste the registration link given to you by your sponsor into the Rabby Browser search bar
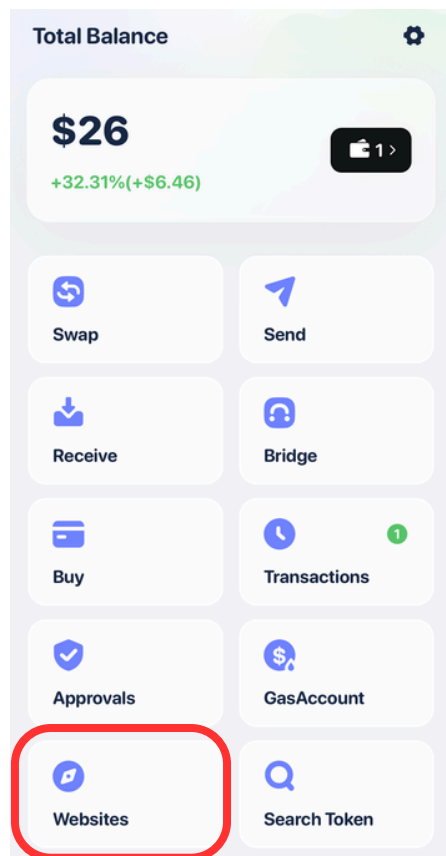

Select the 'Websites' Tab. to be taken to the Rabby Browser.

You will then paste the Referral Link your sponsor sent you, into this. search bar
The registration link given to you will look like this, except with numbers where the 'XXXX' are:

https://app.dao1.ai/auth/enroll?referral=XXXX

2: Register DAO1 Account Using Rabby

You will land on this page. Make sure you skip to Step 2 on the Registration steps, as we are connecting with Rabby.

Click 'Start Here' on Step 2.

←

IMPORTANT: Never search DAO1, as there are fake scam sites set up trying to get your login details. Your URL should always start with:
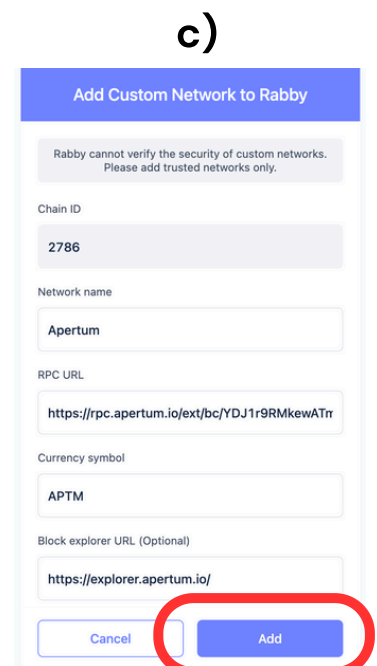

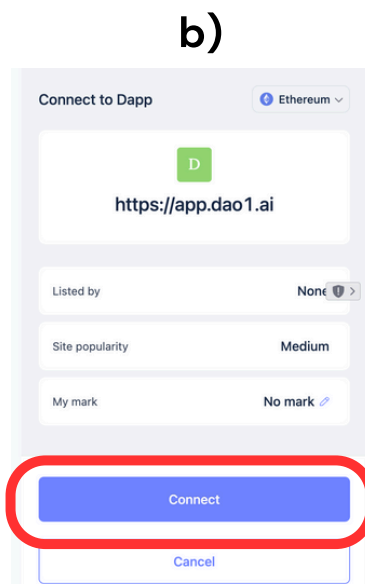

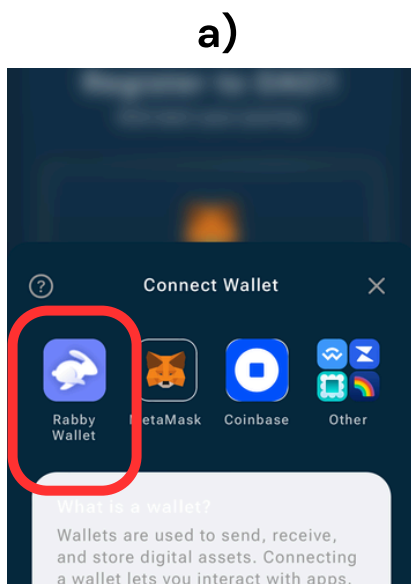

app.dao1.ai

Press the 'Connect' button in the 'I already have MetaMask' box.

a) Click the Rabby Wallet button. b) Rabby will open asking you to allow DAO1 to have access to your Rabby account and networks. Press 'Connect'. c) You'll be asked to add the Apertum network to Rabby. This is the network that DAO1 operates on. Press 'Add'.

3: Submit KYC ('Know Your Customer')

Enter your personal information, ensuring it matches what is shown on the ID document you will be providing on the next page.

Press the 'Next' button.

Enter your date of birth, phone number, and upload requested photographs of your ID document. The front and back photographs are of just your ID, whilst the selfie is you with your ID. Refer to the example below when taking this photo.

Press the 'Next' button.
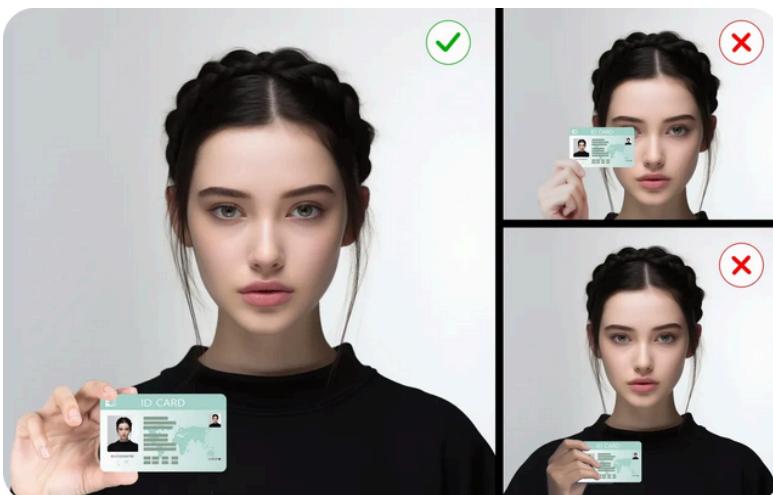

Make sure your ID is clear, that you're not covering any of it with your fingers, that there are no reflections on your ID, and that your ID is not covering your face.
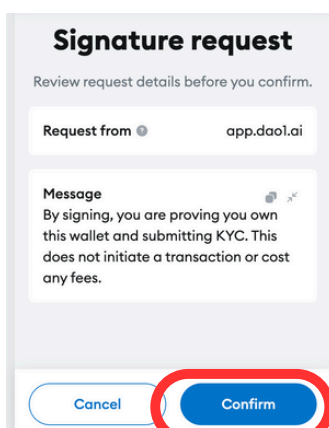

4: Sign Your KYC Request

You will now sign your KYC request using your connected Rabby wallet.

a) Press the 'Sign' button. **b)** You will be redirected to a signature request in your Rabby account. Press 'Confirm'. **c)** The signature window will now read as 'Signature OK'. Press the '**Create KYC**' button.

You may need to refresh the page to see the screen below. KYC status is pending approval. Please keep in mind that the KYC process can take between 24 to 48 hours.

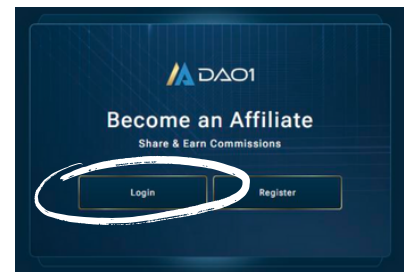

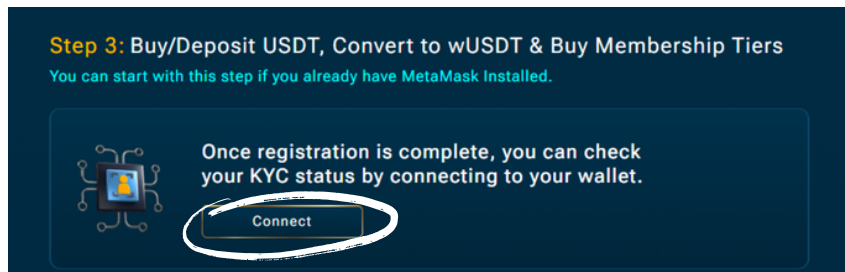

See note, and wait ten minutes before moving to steps on next page.

While you wait for approval you can watch these tutorials which are outlined further in the next guides.

NOTE: DID NFT airdrop will occur automatically when KYC is approved (within a few minutes).

Refresh your screen after ten minutes and press 'Connect', and then 'Login'.

You might be automatically logged in. Otherwise you may need to repeat the process from step one.
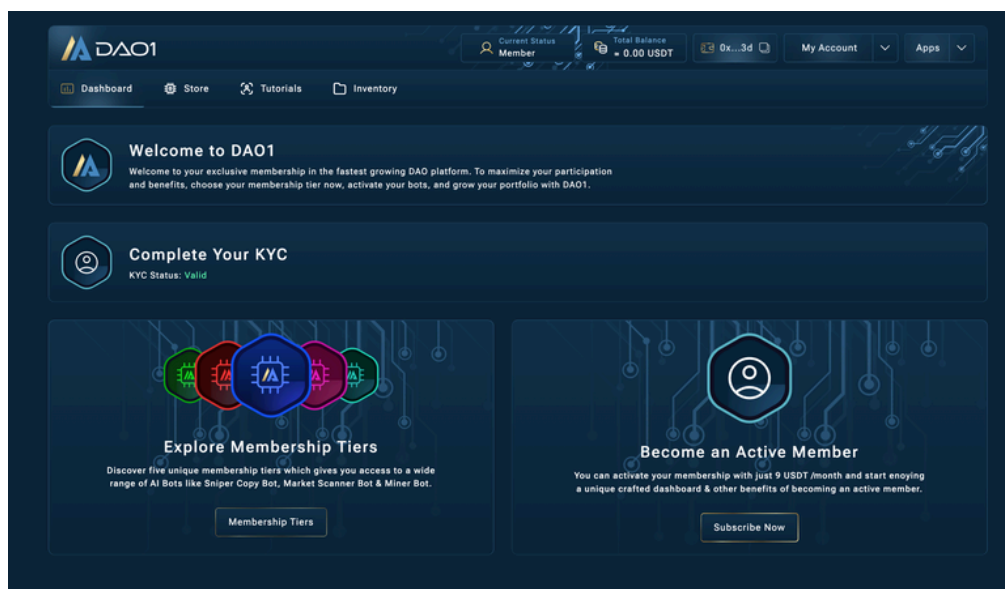

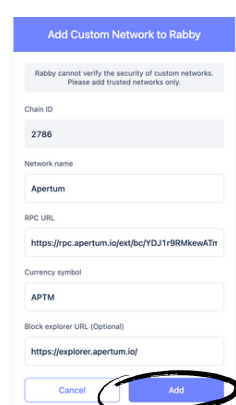

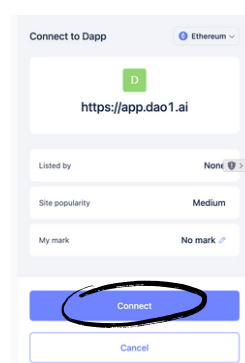

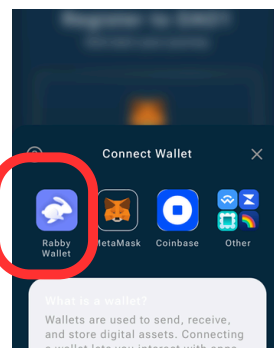

Once logged in, your dashboard will look like this.

You are now ready to proceed to the next guides, where you can send crypto to your Rabby account, bridge from there to your DAO1 account, and then subscribe as an Active Member and purchase a Membership Tier from the store.

Troubleshooting Tips

If you are having connection issues whilst working through the steps in this guide, ensure you do this:

1. Use only the Rabby Browser.
2. Ensure you are confirming/approving the pop ups and signature requests.
3. Please make sure you are thoroughly reading through each step to make sure you haven't just missed something.

And remember, DO NOT SHARE your seed phrase with anyone, and only access DAO1 at app.dao1.ai.
