STEP 4B:

–Using Mobile–

Bridge Crypto From Rabby To DAO1

ABOUT THIS GUIDE

In this guide we are going to show you how to bridge the USDT from your Rabby account, into wUSDT in your DAO1 account, all from your phone.
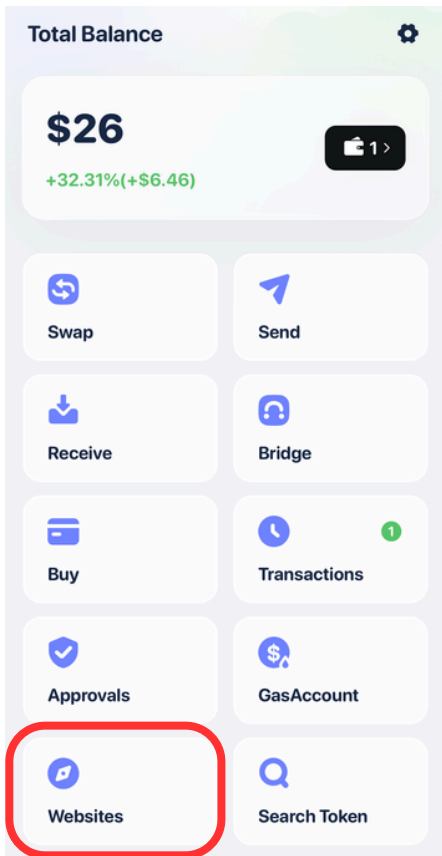

wUSDT = wrapped USDT
This is the token we use to participate on the DAO1 platform.

Once you have completed the steps in this guide, your funds will be available as wUSDT in your DAO1 account, which you can use to activate your membership and purchase from the store.

To ensure seamless connection whilst doing these steps, remember to only use the Rabby internal browser to access DAO1.

IMPORTANT: **As always, NEVER share your seed phrase with anyone, and only access DAO1 via app.dao1.ai (never Google it!)**.

1: Open The Rabby Internal Browser

Total Balance ⚙

$26
+32.31%(+$6.46)

[🗂 1 >]

🔄 Swap	➤ Send
⬇ Receive	🎧 Bridge
💳 Buy	🕐 Transactions ● 1
✅ Approvals	💲 GasAccount
🧭 Websites	🔍 Search Token

Select the '**Websites**'
Tab. to be taken to the
Rabby Browser.

←

🌐 app.dao1.ai ⊗ Cancel

←

Type 'app.dao1.ai'
To be taken to the Login
page.

IMPORTANT: **NEVER Google and click a random link.** Always access DAO1 through app.dao1.ai. Scammers create fake sites to trick users into entering their details – falling for one of these can mean losing everything. Stay smart. Stay secure.
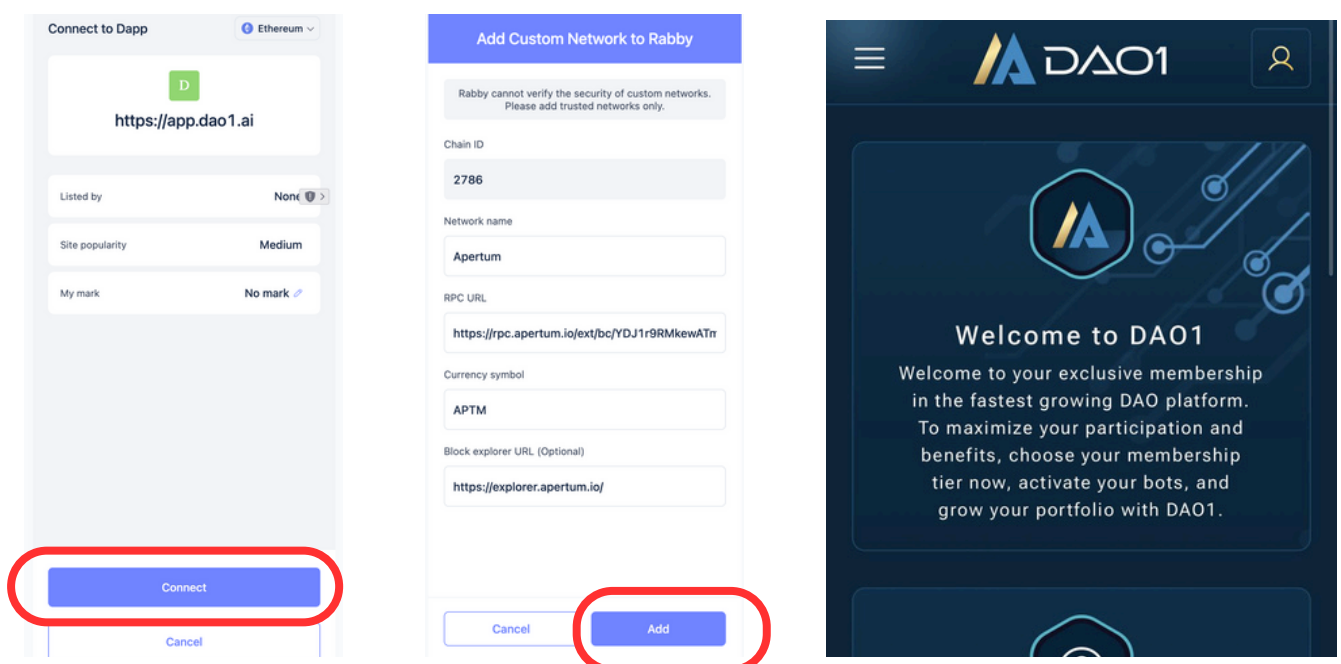

2: Log Into Your DAO1 Account

If it is the first time logging into your DAO1 account from your phone, you may be asked to confirm the connection between Rabby and DAO1.

Press 'Login'. If your DAO1 account does not automatically open, click 'Connect using your Wallet', and then press the Rabby icon.

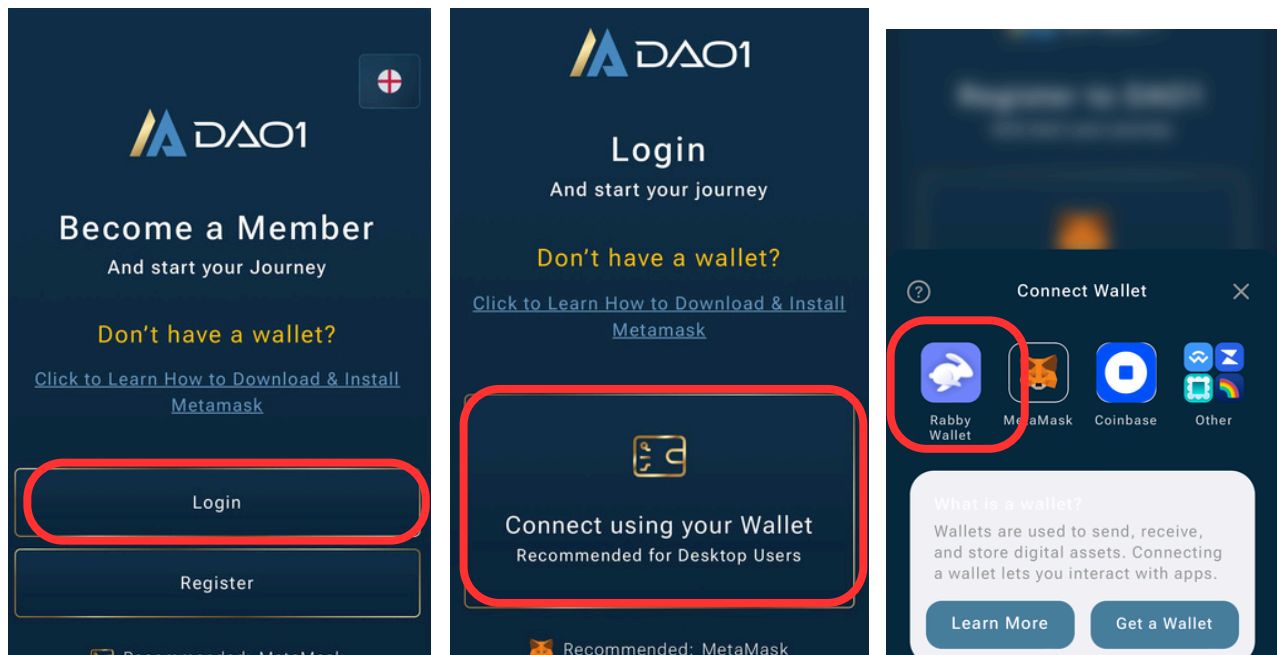

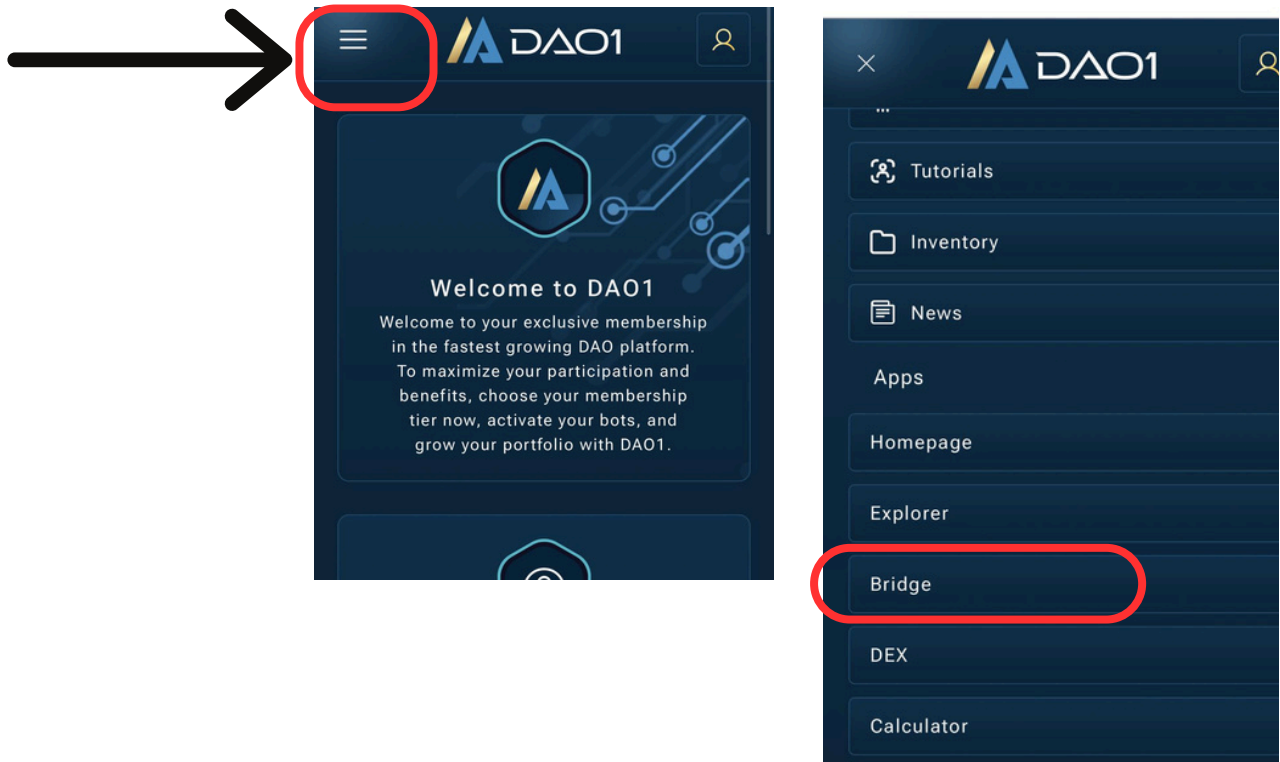

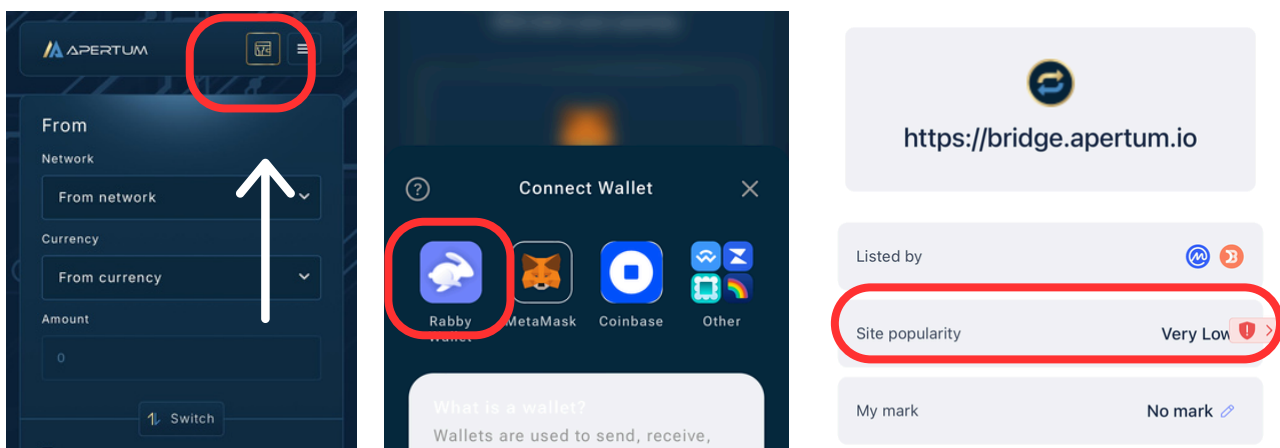

Press 'Connect' and your DAO1 account will open.
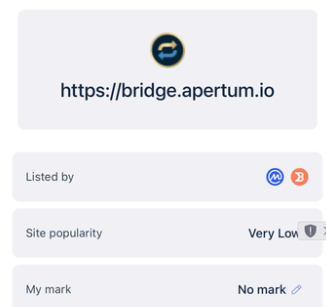

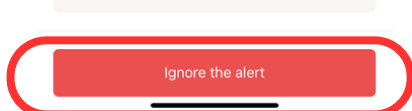

3: Connect Your Rabby Wallet For Bridging

Press the horizontal lines in the top left corner, then scroll down in the dropdown menu and select '**Bridge**'.

Click the wallet icon at the top, select Rabby icon, and then press the red warning sign (simply indication it is a new platform)

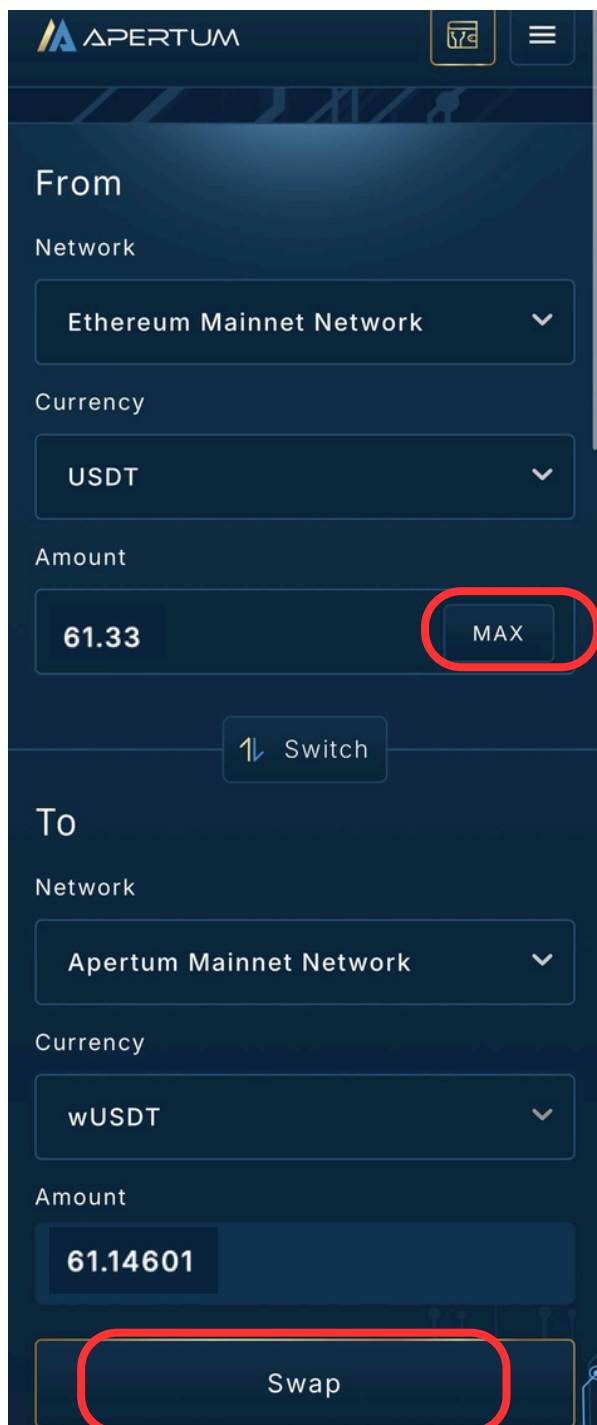

Click 'Ignore the alert'. You will then be able to Click 'Connect'

4: Input Correct Bridging Information

Once your Rabby wallet is successfully connected, you want to fill out the information as follows:

Network at the top is 'Ethereum'.

Currency is 'USDT'.

How much USDT to bridge into DAO1 from Rabby.
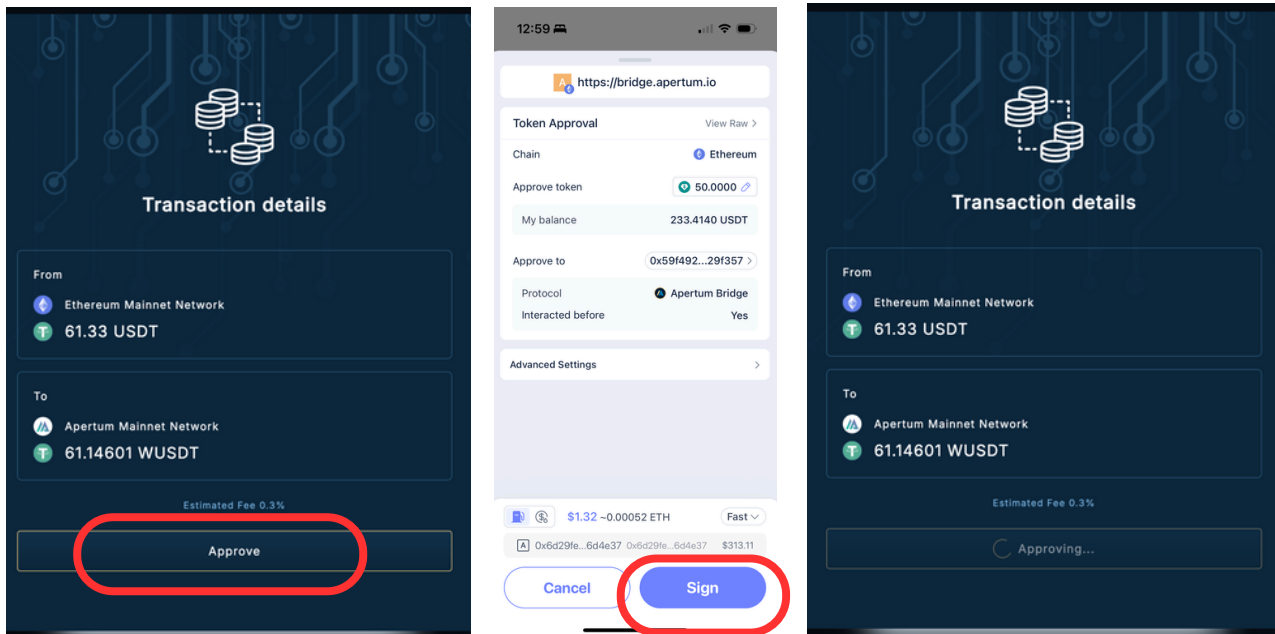

To bridge it all, press 'Max'.

Network at bottom is 'Apertum'.

Currency is 'wUSDT'.

Then press 'Swap'.

Check the transaction details and press 'Approve', and then 'Sign'.
It will take a moment to approve.

Once the transaction is approved, you will need to press '**Migrate**',
and then 'Sign' again. And 'Confirm'.

Your bridged amount will now be visible in your DAO1 account, ready for you to activate your membership and purchase from the store. To view your wallet, press the horizontal lines in the top left corner of your DAO1 account. Your balance will be visible as shown below.
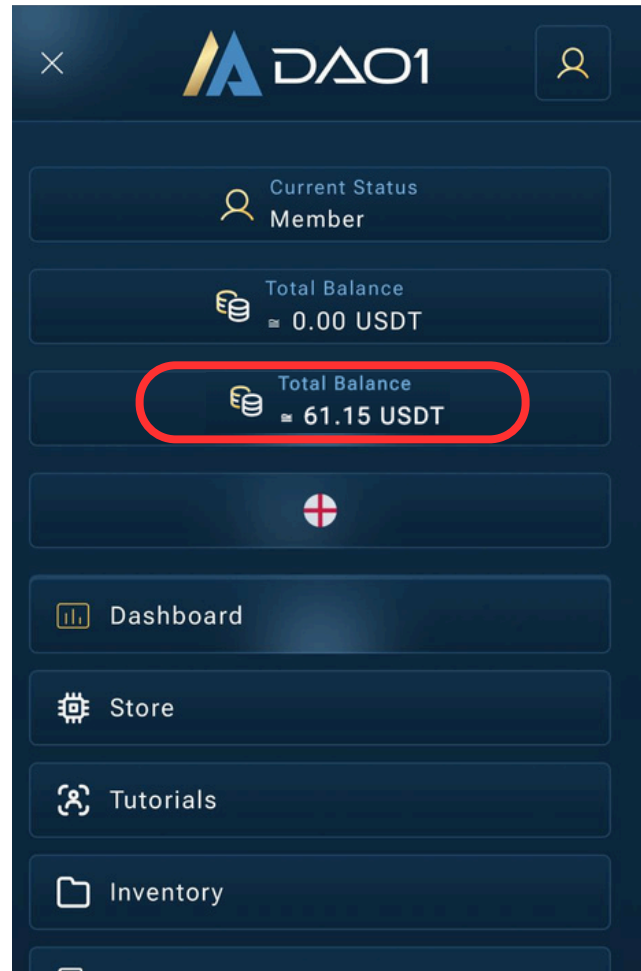

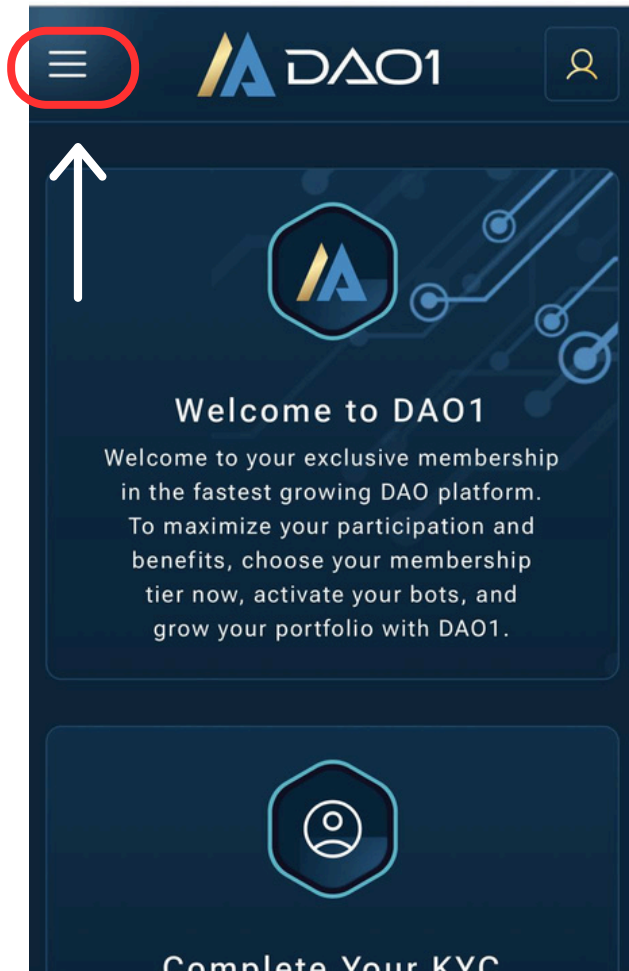

Troubleshooting Tips

If you are having connection issues whilst working through the steps in this guide, ensure you do this:

1. ONLY access DAO1 through the Rabby internal browser.

And remember, DO NOT SHARE your seed phrase with anyone, and only access DAO1 at app.dao1.ai.
