

Healy Comes in Various Editions

To enable you to only buy what you really need, we have organized the Healy's Individualized Microcurrent Frequency (IMF) programs into different program groups, covering various aspects for the harmonization of your Bioenergetic Field.

Once you have purchased any one of the Healy Editions, you can always subscribe to more programs groups or modules that are not included in your edition.

At any time, you can upgrade to one of the other editions without purchasing a new device.

Plain Text - Program Groups, which can contain between 4 and 12 IMF programs.

Bold Text - App Modules, which offer much more functionality than a program group, but may also contain IMF Programs of their own.
